Kathy Writes...

Happy 4th of July!

Summer is the perfect time to enjoy the slower pace, and to reflect on the many people, places and things I am grateful for!

Recently I was presented with the CITIZEN OF THE YEAR AWARD by the Affiliated Chambers of Commerce of Greater Springfield (ACCGS) . I am honored and humbled to have received this award. The people and the community at large in this area have always been important to me, as it is where I call home for my family and for NEPM. We value our partnership with our community and charitable organizations! And of course with our family of customers, who have made NEPM a success over the years, we appreciate each and every one of you!

And of course we remember those that were so horribly affected by the recent tornadoes, our community has rallied around the families that suffered loses, while devastated by the weather it is heartwarming to see all the support that continues to this day!

This is also the perfect time to express appreciation for our fine country on it's birthday, Happy 4th to you, your company, and your family!

From all of us in the NEPM family...we appreciate you, and your business! We wish you the very best summer...RELAX....ENJOY!!

Kathy
